NORTH OTAGO FOUR WHEEL DRIVE CLUB INCORPORATED

Essential Equipment

The gear which all members should have is as follows:

(Note that the equipment is required to ensure that the trips you go on are carried out in safety.)

The gear which is carried should help ensure that a change in trip track condition or other changes in conditions enable such conditions to be provided for.

This helps ensure that the trips are enjoyed and so that you are well prepared.

Use of alcohol on trips. Members who are driving must ensure that they are below the legal limit for alcohol use when they are driving on Club Trips on and off road.

(This is in the interests of safety and to ensure that there is no impairment of judgment.)

Gear required:

Chains,

Remove tow ball (so that it is not used for vehicle recovery purposes),

Tow hooks front and rear,

Recovery strop,

D Shackle,

Shovel/spade,

Good jack base,

Fire extinguisher,

Torch,

Strong footwear,

Soap/towel/toilet paper,

3rd party insurance (minimum requirement,)

First Aid kit,

Current Warrant of Fitness and Registration,

Spark Arresters for Diesels Spark arresters may be required for all vehicles on some trips e.g. during dry conditions or in the forestry areas.

A Club membership sticker will be provided for attaching to the windscreen of your vehicle. This is only issued when the gear requirements have been met and the necessary inspection carried by a Club Committee member.

This Club Committee Member will be one of the Club Sheriffs.

A trip leader has the right to refuse a vehicle going on a trip if the correct equipment is not carried and the trip requires such gear for safety etc.

NOTE: Most members purchase their equipment over a period of time e.g. some of the more expensive items.

You should contact the trip leader if you are unsure about the gear you have.

Trip Rules

* Heed all instructions given to you by the trip leader.

* Convoy Procedure - always keep the vehicle behind you in sight, always stop at intersections to ensure the vehicle behind you can see you.

* Do not leave the trip early without notifying the trip leader.

* Leave all gates as found.

* Always hold safety in mind - especially during recovery procedures, all spectators are to keep clear.

* Never under any circumstances slip a tow rope over the tow ball.

* Do not joint two ropes with a shackle - loop one through the other in a secure knot, then slip a strong piece of wood between the two to ensure that they can be separated after recovery.

*Fire extinguishers are compulsory - minimum 1.5 Kg for Forest trips - your extinguisher must be operable - check the weight.

*You must have tow hooks front and back that are securely mounted to the chassis with high tensile bolts.

*All vehicles must carry a nylon rope or strop.

*All vehicles must carry a spade.

*All vehicles must carry a first aid kit.
